

# MOLD 101: WHAT TO DO + WHO TO CALL

---

Community Action Works  
lays out the basics, so you have the tools to  
tackle mold + make change in your community

## A PROFESSIONAL

If the area is larger than 10 sq. ft., call a professional mold removal service, asking about their experience + checking their references.

## LANDLORD

If you are a tenant and find mold, report immediately to your landlord or business owner.

## HEALTH INSPECTOR

If your landlord does not take action, call your town health inspector.

## YOUR NEIGHBORS

Pull together a community group to confront those who are harming your health and demand action.

## LEGAL AID

If your landlord still fails to address the problem, contact legal aid for representation.

## MEDICAL HELP

If you feel health symptoms that could be a result of mold exposure, contact your doctor for medical help.
